

电子表格 传值管理

- 概述
- 功能入口
- 界面介绍

概述

传值管理指列出当前电子表格的传值单元格列表，可对其进行编辑。

功能入口

点击工具栏的 **传值管理** 按钮，如图：

界面介绍

“传值管理”界面如图：

各设置项说明如下：

设置项	说明
列出具备“传值”属性的单元格	列出当前电子表格具备“传值”属性的单元格。

添加

点击 **添加** 按钮，增加当前单元格的影响目标，如图：

The screenshot shows the 'Value Management' dialog box. On the left, a list of cells includes 'Sheet1!\$B\$3', 'Sheet1!\$C\$3', and 'Sheet1!\$C\$25'. The main area displays 'Current Cell Location: Sheet1!\$B\$3' and 'From Cell: Sheet1!\$C\$3'. A table lists existing targets: 'Product Category' (Parameter type) and 'Sheet1!\$G\$3' (Cell type). A new empty row for a 'Cell' type target is highlighted with a red box. A red arrow points to the 'Add' button in the top right corner. At the bottom are 'Confirm' and 'Cancel' buttons.

删除

删除选中的具备“传值”属性的单元格。

This screenshot shows the 'Value Management' dialog box after a change. The list on the left now includes 'Sheet1!\$C\$25', which is selected. The main area shows 'Current Cell Location: Sheet1!\$C\$25' and 'From Cell: Sheet1!\$C\$3'. The table of targets now only contains 'Product Category' and 'Sheet1!\$F\$2'. The 'Delete' button at the bottom left is highlighted with a red box. The 'Add' button is now disabled. 'Confirm' and 'Cancel' buttons remain at the bottom right.

传值设置

可对选中具备“传值”属性单元格的传值进行设置，关于传值设置，详情请参考 [电子表格-传值](#)。
